Enjoy El Cafe the Spanish way

If you are not that hungry on your own or with a friend just start with a couple of tapas and order extra as you go along. A tapa is fantastic for sharing, we recommend around 4 to 5 tapas for 2 people. Enjoy nibbling away whilst you have a drink & a good catch up. It's the social thing to do!!!

Remember

You can always order more food and in true Spanish style your dishes will come out once they are ready. Some dishes take a little longer to prepare and cook than others, and we will bring each dish to you once it's ready.
